

# ThinkSIGN®

## EASY SOFTWARE – FREE ANIMATION

With your ideas and our resources, you can bolster your brand, tailor your message, and promote your business your way.

- **User Friendly** Our software is one of the easiest to use in the industry. The user interface is so simplistic, no directions are required. Simply download the software and see how easy it is.
- **Sleek Design** ThinkSign's new software interface features simple and easy-to-use icons, unlike the more complex drop down menus other LED softwares use.
- **Automatic Updates** ThinkSign flawlessly integrates automatic downloads and up grades to keep your software up-to-date.
- **Free Animation Library** You have 24/7 access to creative resources to craft your message. An on-line library unique to ThinkSign. Animations, Photos, Video, Moving message, all stored in the cloud. Updated regularly and always available. No outdated, lost, or damaged CD to worry about. Add your logo or personal creative from your own computer.

**ThinkSIGN®** Quality. Affordable. Easy.
